

**ClearOne Broadens Its Worldwide StreamNet™ Sales Services with New UK Toll-free Support**

SALT LAKE CITY, UTAH (July 6, 2011) —ClearOne (NASDAQ: CLRO), a global communications and entertainment solutions company, today announced the creation of a dedicated support hotline for its StreamNet™ customers in the United Kingdom.

The toll-free number, 0-800-680-0682, is currently available Monday through Friday from 9 AM to 7 PM (GMT) for technical support, product orders and sales assistance with quotes, feasibility studies and design. The new line adds to the level of professional service available for ClearOne's StreamNet residential and commercial partners.

"The addition of a UK StreamNet support line demonstrates ClearOne's commitment to invest in our partners' success," said Zee Hakimoglu, Chief Executive Officer and Chairman of ClearOne. "It is also a reflection of our commitment to growth in the UK and other regions globally."

About ClearOne

ClearOne is a global communications solutions company that develops and sells conferencing, collaboration, multi-media streaming and connectivity systems for audio, video and web applications. The reliability, flexibility and performance of our advanced comprehensive solutions enhance the quality of life through better communication, education and entertainment.

We develop, manufacture, market and service a comprehensive line of high-quality audio conferencing products under personal, tabletop, premium and professional categories. We occupy the number one position in the global professional audio conferencing market with nearly 50% of the global market share. Our conferencing solutions save organizations time and money by creating a natural environment for collaboration. NetStreams, a ClearOne brand of residential products, delivers the ultimate IP A/V experience by distributing high definition audio and video over TCP/IP networks. NetStreams' products, designed for commercial and residential use, offer unprecedented levels of performance, functionality, simplicity, reliability and expandability. By combining audio/video content, meta-data and control signals into one stream and incorporating industry standards, NetStreams' newly patented StreamNet™ solutions are a smart investment, enabling the Power of AV over IP™ today.

NetStreams' StreamNet technology provides elegant solutions for streaming media & control applications such as digital signage, distribution of HD video and audio, LAN Cloud Matrix Switching™ and audio paging over data networks.
